Policy: Cecil College recognizes that participation in athletic programs and activities can greatly enhance the student's educational experience. In support of a student athlete's safe and successful participation in athletic activities, Cecil College has established a reporting process, including confidential reporting, which student athletes can use to address concerns about the institution's athletic programs and activities.

Procedure: Student athletes will be informed of this policy via the College website, the Student Athlete Handbook, and in-person during team orientation meetings.

Student athletes can contact the Director of Athletics or the Vice President of Student Services and Enrollment Management to submit a concern or complaint about athletic programs or activities. Reports can be made either in-person or by email or letter. If a student wishes to remain anonymous they can submit a written complaint confidentially and anonymously by addressing it to the Vice President of Student Services and Enrollment Management and dropping it off at the Student Registration Desk on the first floor of Building A.

Retaliation and discrimination against any student who raises a concern under this policy is strictly prohibited.

All records of student concerns will be maintained in the Office of the Vice President of Student Services and Enrollment Management. In accordance with Md. Code Ann., Educ. § 11-1601, a summary of the student reports received will be submitted annually to the Maryland Higher Education Commission.
