

Own Your Future

CECIL COLLEGE

Continuing Education and Workforce Development

FALL 2024

WELCOME TO Continuing Education and Workforce Development

Whether you're looking to reinvent yourself or to just have fun, the continuing education programs at Cecil College will help you shape your future and change your life. At Cecil, you can learn it today, and live it tomorrow!

Adult Education

We can help you obtain your GED or gain skills to get the job you want. We also offer ESOL classes for students who are learning English as a second language.

Lifelong Learning

It's time to look into something fun and educational for you. Our classes are designed for adults of every age and interest.

Transportation Training

Earn a commercial driver's license, obtain a Maryland state driver's license, or just improve your existing driving skills with our transportation training classes.

Workforce Training

Continuing Education and Workforce Development offers a full range of programs to help you start a new career, advance your career, or own your own business.

Youth & Homeschool

We have something for every child, year-round.

Explore the Possibilities

We want you to find yourself at Cecil College, where you have endless possibilities for enriching your life and those of your loved ones. No matter your age or interest, explore all that we have to offer.

Course Delivery Formats

Continuing Education and Workforce Development is offering a variety of course delivery types allowing scheduling flexibility.

In-person - Classes that meet on campus or at locations throughout the community.

Hybrid (H) - Classes that meet in-person periodically with some coursework offered online.

Online/Asynchronous (Online-A) - Online classes with little or no designated meeting days/times, allowing you to study at your convenience.

Online/Synchronous (Online-S) - Online classes that meet virtually with your instructor and classmates on a regularly occurring day/time, allowing for a highly engaging, interactive experience.

Please see page 38 for a list of location codes for in-person and hybrid classes.

It is the policy of Cecil College to not discriminate against any individual by reason of race, color, sex, marital status, citizenship, national or ethnic origin, age, religion, sexual orientation, or disability. Please refer to the College catalog at cecil.edu/catalog for the complete and detailed Nondiscrimination Statement.

The College requires individuals who have been convicted of a felony and/or who have registered as a sex offender, and who are seeking enrollment at the College, to disclose the conviction and/or sex offender registration status to the Office of Public Safety. Notification must be made at least 5 days prior to the class or activity start date. Notification should be emailed to safety@cecil.edu and include name, address, date of birth, phone number, email address, and the name of the program or activity being pursued. Status does not automatically disqualify a student from taking classes and will be considered by the College along with the age of the student at the time of any aspect of the criminal history occurred, time elapsed since criminal history occurred, nature of the criminal history, evidence of rehabilitation or good conduct, and the safety and security of members of the campus community and campus assets.

GEDskills+

Build the foundation for your career in the skilled trades.

Integrated Education Training Program - TUITION-FREE!

Jumpstart your career with this “three-for-free” education opportunity, available while funds last:

- **earn your GED to increase your job prospects.**
- **learn basic construction skills to expand your job opportunities and skill set.**
- **gain valuable “soft skills” that enhance your employability, including resume building and interviewing tips.**

Find out more today by contacting Carolyn Fletcher at 443-907-1391.

The Integrated Education Training program is supported by grant funding from Maryland Department of Labor.

**Course work includes Adult Basic Education/GED® Preparation, NCCER Basic Construction, and soft skills training.*

Veteran & Service Member Resources

Cecil College is a member of the State of Maryland's College Collaboration for Student Veterans. Every effort is made to ensure the educational success of our returning Veterans, including their recruitment, successful transition to higher education, retention and eventual completion.

A resource center is available through the financial aid office and provides student veteran information related to college and VA resources.

For more information, call 410-287-1003.

Pathway to an Associate of Science in Healthcare Sciences

Students who have successfully passed the American Association of Medical Assistants (AAMA) national certification exam (CMA) or the AAPC national certification exam (CPC) may be able to receive 12 credits through credential assessment.

Medical Assistant Program

Medical assistants work alongside physicians, mainly in outpatient care facilities, such as medical offices and clinics. Medical assistants are cross-trained to perform administrative and clinical duties.

Cecil College's program prepares students for national certification. Upon successful completion of the program, the student will sit for the AAMA exam to become a Certified Medical Assistant (CMA).

Scholarships and financial aid may be available to those who qualify.

Program Goals and Expectations

To prepare medical assistants who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to enter the profession.

SHIELDED METAL ARC WELDING

Shielded Metal ARC Welding I

This course is designed to meet the needs of the beginner student in welding. Learn how to select the correct electrodes, set-up the equipment, and strike an arc on a variety of base metals. Practice striking an arc and welding various joint designs in multiple positions during your lab hours. In addition to learning the theory of stick welding, students will practice striking an arc and welding various joint designs in multiple positions during lab hours. Instructor: Durant
6 sessions, 24 hours, \$508
Course #: WVV 225

Sec#	Day	Dates	Times	Location
01	Th	9/12-10/17	5-9p	CCST

Shielded Metal ARC Welding II

This advanced course builds on the skills acquired in SMAW I. A review of basic techniques, safety procedures, and equipment set-up will be covered before moving on to the more advanced skills of overhead and vertical welding. Pre-requisite: Shielded Metal ARC Welding I.

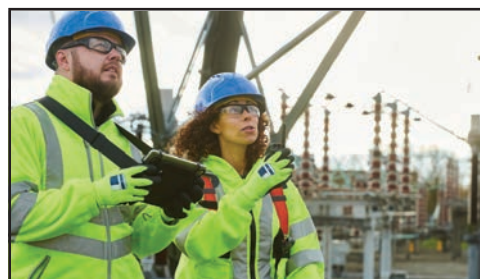

6 sessions, 24 hours, \$508

Course #: WVV 226

Sec#	Day	Dates	Times	Location
01*	Th	10/24-12/5	5-9p	CCST

*01 - No class Nov. 28.

Shielded Metal ARC Welding students must provide welding helmet (shade 10), 4.5" angle grinder, jacket, gloves, and glasses.

Cecil College: Powering the Workforce UTILITY TRAINING PROGRAM

**Jumpstart Your Career With This
Tuition-Free Opportunity!**

Prepare for an entry-level career in the utilities and energy industry with this hands-on program. Students will gain valuable insight on what it's like to work in the utilities field. The program also includes career coaching, resume development and a career fair to connect with local employers. This program offers a flexible combination of in-person and mentored online learning.

For more information, contact Linda Wirt
at Lwirt@cecil.edu or 443-907-1416.

Cecil College program created in partnership
with Delmarva Power.

HVAC/R APPRENTICESHIP

EARN while you LEARN

Prepare yourself for a career in the HVAC/R trade!

Cecil College and Heating and Air Conditioning Contractors of Maryland offer a Maryland state-approved four-year HVAC/R Apprenticeship program. Upon successful completion of this four-year program, students will be able to earn their HVAC/R journey-person license from the Maryland Department of Labor without taking the exam.

HVAC/R Apprenticeship – Year One

The first year of the HVAC/R Apprenticeship program combines both classroom instruction and on-the-job training.

HVAC/R Apprenticeship – Year Two

Year Two topics include: fundamentals of brazing and soldering, electric motors, wiring and testing, HVAC controls, advanced refrigeration and pipe fitting, and communication skills. Note: Student must have already taken Year One of the program or tested out of Year One if they have prior experience or education in the HVAC/R field.

Complete an application today through the Heating and Air Conditioning Contractors of Maryland at haccmd.org.

PROGRAM BEGINS IN SEPTEMBER

Classes are held at Cecil County School of Technology.

Students must also provide the following:

- Copy of the applicant's Maryland State HVAC/R license
- Doctor's letter showing the applicant is physically able to work in the HVAC/R industry
- Copy of applicant's high school diploma or transcript of last grade completed
- Copy of applicant's Driver's License
- Written recommendation letters from three (3) acquaintances
- State Apprentice Agreement

For more information about the apprenticeship program, please contact skills4u@cecil.edu or 443-907-1416.

HEAVY EQUIPMENT OPERATIONS

In Heavy Equipment Operations, students will learn safety, identification, and basic operational techniques of heavy equipment such as dozers, loaders, scrapers and graders. Students will be taught the skills and gain the knowledge required to understand the conditions and markings of the job site, and the responsibilities of the heavy equipment operator. They will also be taught how to calculate the areas, volumes, cut, and fill requirements for a job, along with interpreting roadway and construction site drawings.

Classes include:

- Introduction to Heavy Equipment Operations
- Heavy Equipment Operator – Site Work and Grading
- Heavy Equipment Operator – Enhanced Site Work & Soils
- Excavation Math & Interpreting Civil Drawings

Intro to Heavy Equipment Operations

12 sessions, 48 hours, \$860

Course #: WTC 151

Sec#	Day	Dates	Times	Location
01	T/Th	9/10-10/17	5:45-9:45p	HCC

Heavy Equipment Operations – Site Work and Grading

11 sessions, 44 hours, \$TBD

Course #: WTC 155

Sec#	Day	Dates	Times	Location
01*	T/Th	10/22-12/12	6-9p	HCC

*01 - No class Nov. 28.

Classes are held at
Harford Community College.

For more information or to register, please contact skills4u@cecil.edu or 443-907-1416.

MARINE SERVICE TECHNOLOGY

Cecil College's Marine Service Technology program will provide students with a hands-on introduction to the marine service industry. Topics will include outboard and inboard maintenance, marine electrical and plumbing systems, boat safety and more.

The program includes two classes.

- Marine Service Technician I
- Marine Service Technician II

Upon completion of the program, students can earn their Marine Service Technician Certification.

Marine Service Technician I

24 sessions, 72 hours, \$1,600

Course #: WVM 150

Sec#	Day	Dates	Times	Location
01	T/Th	8/20-11/7	6-9p	SHBV

Marine Service Technician II

24 sessions, 72 hours, \$1,600

Course #: WVM 151

Sec#	Day	Dates	Times	Location
01*	T/Th	11/12-2/13	6-9p	SHBV

*01 - No class Nov. 28, Dec. 24, 26, 31.

Classes are held at Safe Harbor Bohemia Vista.

Out-of-county, out-of-state fees may apply.
See page 38.

NEW! ONLINE PEST MANAGEMENT

Learn the basics of pest control and prepare for a career in the pest management industry in this new, one-of-a-kind online program.

- Learn the fundamentals of the pest management industry through online coursework
- Complete an in-person externship to receive valuable hands-on training

SEE PAGE 13

For more information, contact skills4u@cecil.edu or 443-907-1416.

CONTRACT TRAINING & BUSINESS SOLUTIONS

Is training the solution to your business challenges?

Get the right program at the right price with customized training. Tap into local industry experts who can:

- assist with new business development and growth issues, regardless of your current size
- upgrade employee skills
- transition staff to new positions
- train workers for new processes and technologies

Contact Amanda at aprangle@cecil.edu to discuss your training needs.

VETERINARY ASSISTANT

As the veterinary field grows, so does the demand for veterinary assistants. Veterinary assistants care for animals in veterinary offices, animal hospitals and animal shelters. As a member of the veterinary team, a veterinary assistant will provide compassionate care to animals and their owners.

Our Veterinary Assistant program will teach you the essential knowledge and job skills needed to work in this field, including outpatient care, diagnostics and pharmacy, in-patient care, and surgery and emergency care. Students will experience hands-on learning in the classroom and work with a variety of animals during the required externship.

SEE PAGE 13

For more information, contact skills4u@cecil.edu or 443-907-1416.

WORKFORCE TRAINING

The business world is an innovative, dynamic arena where the most current and relevant skills are highly valued. Cecil College can help strengthen your knowledge or broaden your skill set in a variety of areas in order to enhance your resume, improve your job performance or better position you for a career promotion. The College offers a wide variety of in-demand programming designed to create and reinforce business acumen. Expand your possibilities this year by exploring all that is offered through our Business Career Training programs!

AERIAL IMAGING

Aerial Imaging:

Drones For Visual Communication

This course introduces the fundamentals of flight through small Unmanned Aerial Systems (sUAS) for photography and video production. The course prepares students for FAA compliant flying with hands-on sUAS practice and course content. Students will apply professional aviation processes to create still and video-based media using rotary-wing, remote-controlled platforms provided during class. Essential photography and video editing topics will be addressed, in addition to sUAS operations such as mission planning, airspace, weather and regulations. The course provides a starting point for using drones in a variety of workforce opportunities and prepares students for the Part-107 remote pilot airman certificate. Note: Corresponds to credit course VCP 107.

GED® & ACADEMIC PREPARATION

Academic Prep helps you:

- Prepare for the GED® and take the GED Ready® Examination
- Improve your reading skills
- Brush up on basic math
- Strengthen writing skills for education or employment
- Enhance your job skills
- Prepare a resume
- Gain computer skills
- Prepare for credit courses

Programs Offered

- ABE – Adult Basic Education
- GED® – General Education Development
- ESOL – English for Speakers of Other Languages
- Transition to Credit
- Project Literacy

Class & Program Information

- Books and materials are provided to use in the classroom
- Classes are self-paced and convenient
- Instructors work closely with students
- Online instruction available

Class Times and Locations

You will have options based on your assessment level and classroom space availability.

You must be 18 years of age or older and officially withdrawn from school to enroll.

- Morning and evening ABE and GED® classes at Elkton Station
- Morning and evening ABE/GED® classes at Family Education Center
- Evening ABE/GED® classes in the community at North East Middle School, Perryville Middle School and Rising Sun Middle School.

Fall: September 17 - November 21

Online Courses

If you are a self-motivated, independent learner with access to the internet, you may be eligible for an online class.

If you have questions or you want to enroll in one of our classes, please contact Carolyn Fletcher at 443-907-1391.

The Adult Education Program is supported by grant funding from Maryland Department of Labor, Division of Workforce Development and Adult Learning and the U.S. Department of Education.

GED Ready® Examination

The GED Ready® test is given the first Friday of every month and by appointment. You must pre-register by calling Carolyn Fletcher at 443-907-1391. The cost is \$5.00 per subject or \$20.00 for the entire test. Results are immediate and you will get feedback on what you need to study to prepare for the actual GED®.

GED® State Examination

The GED® State examination will be given on a computer at Cecil College's Pearson-Vue testing center at the North East Campus for a fee of \$14.25 per test. To learn how to schedule testing, please contact Carolyn Fletcher at 443-907-1391 or Debra Stevens at 443-907-1397. Information is also available online at www.dllr.maryland.gov/gedmd or www.GED.com.

GEDskills+ Training Program - TUITION-FREE!

Jumpstart your career with a unique "three-for-free" education opportunity available while funds last. See page 3.

Transition: Become a Credit Student

This course is designed for GED and high school graduates who wish to smoothly transition to college. It is an intensive course consisting of three modules, including preparing for college writing, preparing for college mathematics, and navigating college – campus, student, and technological resources.

20 sessions, 40 hours, \$125, Course #: AAB 300

Sec#	Day	Dates	Times	Location

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

ESOL classes focus on improving the speaking, reading, and writing skills of students who are learning English as a second language. Basic classes are grant funded, multi-level classes covering all aspects of English skills. Advanced courses address specific skills and are designed for foreign students who assess at high intermediate or advanced level.

BASIC

Morning classes meet Mondays and Wednesdays from 9:00 - 11:30 a.m.; evening classes meet on Mondays and Wednesdays from 7:00 - 9:00 p.m. at Elkton Station, Room 329.

Morning

- September 16 - November 20

Evening

- September 9 - December 4

Cost: \$25.00 course fee for beginning and intermediate students; \$30.00 tuition and \$20.00 course fee for advanced level students. Level is determined by interview and/or placement.

ADVANCED

English for Better Communication

This course is designed for students who can speak and understand English but who want to improve their skills. This course is also recommended for ESOL students who plan to take credit or non-credit courses. Textbook required.

JEWELRY MAKING

Basic Wire Wrapping

What is wire wrapping? Artists will take wire and wrap it around itself and/or beads and other components to create jewelry. Wire wrapping lets you create custom shapes and angles, and gives you more ways to use different components together. Students will complete several pieces of wire wrapped components to create their own jewelry. Notes: No senior tuition waiver. All materials will be provided by instructor. Supply fee of \$10 will be collected by instructor. Instructor: Hunter
2 sessions, 4 hours, \$29

Course #: GAC287

Sec#	Day	Dates	Times	Location
01	T	9/24-10/1	9:30-11:30a	ES 217

Wire and Fiber

Students will learn to use Bohemian style art beads, fabric, yarn, thread, beads, and wire to create their own jewelry. Once the beads are complete students will design and complete a piece of jewelry to take home. Notes: No senior tuition waiver. All materials will be provided by instructor. Supply fee of \$10 will be collected by instructor. Instructor: Hunter
2 sessions, 4 hours, \$29

Course #: GAC288

Sec#	Day	Dates	Times	Location
01	T	10/22-10/29	9:30-11:30a	ES 217

Bracelet Basics

Students will learn to design several types of bracelets, ranging from easy to more advanced like a wire wrapped bangle. Students will use various materials to create one-of-a-kind wearable art jewelry as a beautiful keepsake or as a gift. Students will take home several completed pieces. Notes: No senior tuition waiver. All materials will be provided by instructor. Supply fee of \$10 will be collected by instructor. Instructor: Hunter
2 sessions, 4 hours, \$29

QUILTING & SEWING

Sewing machines are provided for all classes, but you are welcome to bring your own.

Basic Machine Quilting

Learn the complete quilting process from start to finish and you will go home with either a baby quilt or lap quilt. Students will design the layout, machine piece the top, create a backing, learn how to "sandwich" their quilt with batting, machine quilt their piece and then apply the binding. A short fabric supply list (approximately \$30) will be provided two weeks before class begins. Instructor: Topper
6 sessions, 12 hours
\$99 persons under 60. \$25 MD residents over 60 (GAM125). \$5 Senior Network Members (SAM125).

Sec#	Day	Dates	Times	Location
01D	T	9/17-10/22	1:30-3:30p	ES 211/212

Intermediate Quilting

Students can continue with their project started in Basic Machine Quilting, or students can design and piece a beautiful quilt top. The finished size of the quilt top will be approximately 36" x 48". Students should enroll at least 2 weeks before class begins to allow time to order/purchase supplies.

Instructor: Topper

6 sessions, 12 hours

\$99 persons under 60. \$25 MD residents over 60 (GAM652). \$5 Senior Network Members (SAM652).

Sec#	Day	Dates	Times	Location
01D	T	11/5-12/10	1:30-3:30p	ES 211/212

Beginner Sewing

Use a sewing machine to create accessories expressing the true you! Learn the features and functions of a sewing machine while designing and completing several projects. Supplies not needed until the second class. No experience needed. Instructor: Topper

6 sessions, 12 hours

\$99 persons under 60. \$25 MD residents over 60 (GAM650). \$5 Senior Network Members (SAM650).

Sec#	Day	Dates	Times	Location

FINANCIAL PLANNING

Estate and Financial Planning

Have you ever noticed that friends and relatives who have their financial affairs in order live less stressful lives? This course is designed to enable students to learn about the concepts and skills needed for effective estate and financial planning. Students will learn how to maximize retirement income, lower investment risk, and minimize tax burden. Course will cover leaving retirement assets to heirs, reading investment statements, and understanding bond and equity funds. Topics include reliable planning tools, wills, trusts, estates, Power of Attorney, and the latest developments in tax and trust laws. Note: Class is co-instructed by a Certified Financial Planner and CPA specializing in retirement income planning.

Instructor: Albidress

2 sessions, 5 hours

\$39 persons under 60. \$25 MD residents over 60 (GLF600). \$5 Senior Network Members (SLF600).

PROJECT LITERACY

Become a volunteer and help an adult gain the joy of reading.

Cecil County Project Literacy makes a difference by offering free, confidential one-on-one tutoring to teach adults basic reading and writing skills. Each student works with a trained volunteer and receives books free of charge.

Help spread the word! Tell someone you know about this program if you suspect he/she has limited reading ability, or contact Carolyn Fletcher at 443-907-1391 to arrange for a speaker to address your organization.

Attend volunteer tutor training. Learn the skills to become a volunteer tutor for Project Literacy. Topics include characteristics of adult learners, The Laubach Way to Reading, and methods of teaching reading.

The next training days are
Wednesdays, October 30, November 6 & 13
from 5:30 to 8:30 p.m.

For more information, contact Carolyn Fletcher at 443-907-1391.

FITNESS • PILATES • YOGA

30 Minute Circuit

30-Minute Circuit is an intense workout mixing traditional calisthenics and body weight exercises with interval training and strength training. Note: No senior tuition waiver. Instructor: Gerace

HISTORY & HUMANITIES

Tale of the Susquehanna

Explore the history of the Susquehanna River and how it has shaped the development of northeastern Maryland. Students will study the geologic and botanic features of the waterway, the evolution of civilization along its path and the history of towns and locations which have evolved. Reference reading assignments will be required. Note: To enhance course material presented in the classroom a field trip may be included. Instructor: Dixon

3 sessions, 9 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH209). \$5 Senior Network Members (SZH209).

Sec#	Day	Dates	Times	Location
01D	W	7/17-7/31	9a-12p	ES 314

Tales from the Rails

The local depot was the center of the community, a place to catch a train and learn the news of the day. As tracks spread through the region, growth followed the lines. Trace the social history of trains on the Peninsula from the beginning of the railroad age to the present. Note: To enhance course material presented in the classroom a field trip may be included. Instructor: Dixon

3 sessions, 9 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH172). \$5 Senior Network Members (SZH172).

Sec#	Day	Dates	Times	Location
01D	W	8/14-8/28	9a-12p	ES 327

A Tale of Three Towns -

Middletown, Odessa, & Delaware City

Examine the development of three towns from the Revolutionary Period to the present. How did the settlements originally occur? What societal changes can be traced? What does present day development look like? Note: To enhance course material presented in the classroom a field trip may be included. Instructor: Dixon

3 sessions, 9 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH229). \$5 Senior Network Members (SZH229).

Sec#	Day	Dates	Times	Location
01D	W	9/4-9/18	9a-12p	ES 327

Cecil County and the Civil War

Cecil County holds a unique geographical and political position as the only Maryland County that has the Mason Dixon line as both its northern and eastern border which left the county politically divided. Learn what the newspapers were saying, what soldiers were writing about it, and the African American contribution to the Union war effort. Note: To enhance course material presented in the classroom a field trip may be included. Instructor: Dixon

3 sessions, 9 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH240). \$5 Senior Network Members (SZH240).

Sec#	Day	Dates	Times	Location
01D	W	10/2-10/16	9a-12p	ES 327

The Crime and the Time

Learn the fascinating evolution of crime, punishment, and police work in the Delmarva tri-state area from the colonial era to the mid-twentieth century. Topics include old county jails, headline grabbing criminal escapades of long-ago, methods of discontinued punishment, and unheralded peace officers. Take a journey back to look at how crime and policing methods have changed by using many little known stories of this often unexplored aspect of history. Instructor: Dixon

3 sessions, 9 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH475). \$5 Senior Network Members (SZH475).

Sec#	Day	Dates	Times	Location

Introduction to Art History

This course is a chronological study of art and architecture from the Renaissance to the 20th century. Class will study the visual characteristics of works of art and interpret the meaning of the objects in their cultural and historical contexts. A series of lectures and interactive discussions will explore how artists and art historians have used art to examine and critique society. Students will develop critical thinking skills and a broad knowledge of the western artistic traditions since the 15th century. Topics include an overview of specific historical periods, artistic styles, cultural, political, and religious differences. Instructor: Bilas

8 sessions, 16 hours

\$69 persons under 60. \$25 MD residents over 60 (GZH621). \$5 Senior Network Members (SZH621).

Sec#	Day	Dates	Times	Location
01D	T	9/24-11/12	6-8p	ES 219

Researching Your Old House

Houses have roots, too! This course introduces research methods for tracing the history of an old house. Students will be given techniques for finding clues in the house itself, as well as from old records, letters, maps and other sources. Unravel the mystery of this old house! Note: No senior tuition waiver. Instructor: Dixon

1 session, 3 hours, \$29

History of German Culture

Dive into the German culture and learn the history, culture, people, food and drink, geography, climate, and language. It is ideal for anyone considering a trip to Germany or just learning more about the country. The course will be conducted in English and is not a German language course. Instructor: Lenhoff

5 sessions, 10 hours

\$59 persons under 60. \$25 MD residents over 60 (GZH443). \$5 Senior Network Members (SZH443).

Sec#	Day	Dates	Times	Location
01D	Th	9/12-10/10	9:30-11:30a	ES 210

Castles of Germany

This course will examine the significance of select castles in Germany. There are around 20,000 castles throughout Germany. Most German castles are at least a hundred years old and now play host to museums, hotels, cultural art centers, and historical monuments. Students will learn fascinating facts pertaining to each castle from construction to modern day. Special emphasis will be placed on the Neuschwanstein Castle, the Heidelberg Castle, the Hohenschwangau Castle, and the Burg Eltz. Topics include architecture, culture, folklore, history, languages, politics, and traditions.

Instructor: Lenhoff

4 sessions, 8 hours

\$49 persons under 60. \$25 MD residents over 60 (GZH175). \$5 Senior Network Members (SZH175).

We Came in Peace

This course explores the history of the American Space Race with special emphasis on the lunar landing of Apollo 11. 2024 will mark the 55th anniversary of when Neil Armstrong uttered these words on July 20, 1969, "That's one small step for man, one giant leap for mankind." It was one of those rare moments when a united humanity watched or listened to this monumental event together. That unity was reflected in a plaque left there by the astronauts "We came in peace for all mankind." Topics include the early days of the American space program, the politics involved both domestic and international, history and evolution of rocket designs, President Kennedy's challenge to go to the moon before 1970, and the men and women who designed, built, and sacrificed, in some cases their lives, to put Americans on the moon. Instructor: Mease

4 sessions, 8 hours

\$49 persons under 60. \$25 MD residents over 60 (GZH608). \$5 Senior Network Members (SZH608).

The Age of Renaissance

Following the fall of Rome and subsequent languishing of the dark ages, a cultural awakening occurred in the 14th century city-states of the Italian peninsula. The renaissance set in motion dramatic change. The arts flourished while merchants and bankers became leading citizens. Florence and Venice became extremely wealthy. Join us as we explore the renaissance.

Instructor: Lenhoff

HOLISTIC & HEALTHY LIVING

Courting the Tarot

The 16 Court cards are such a multifaceted part of the Tarot. In this class we'll look at the court cards and the qualities they represent. They may represent someone around you, yourself, or general traits. We'll look at who means what, and how to discern between them for more insight in your readings. Note: No senior tuition waiver. Instructor: Miller

1 session, 1 hour, \$19

Course #: GWE402

01	S	9/7	1-2p	ES 327
02	S	10/19	10:30-11:30a	ES 327

Modern Meanings in Tarot

Over a couple hundred years, the meanings of Tarot cards have evolved in many ways. In this class we will take a look at how the meanings first started out, and how they've adapted and adjusted for modern times. Also we'll look at how some cards may have meanings outside of the traditional keywords and definitions. Note: No senior tuition waiver. Instructor: Miller

1 session, 1 hour, \$19

02	S	10/19	1-2p	ES 327

Breaking down the Tarot

When reading Tarot, intuition can be just as important as knowing the book meanings of the cards. We'll look at easy ways to break down the cards, such as suits and numbering, to easily learn and dive into divination. We'll also look at spreads and how to make connections between the cards by doing practice readings. This class is geared towards beginners, but is good for all levels of readers. Note: No senior tuition waiver. Instructor: Miller

02	S	11/16	10a-12p	ES 327

Tarot Easter Eggs

The Rider Waite Smith Tarot relies on detailed imagery to help seekers in divination. Within that imagery are layers of symbols and concepts that add to the card's meaning. A tiny snail, two different shoes, references to Shakespeare, and even the artist's friend's cat, have all slipped their way into the deck. Knowing these extra details can help you connect even more with the cards. All levels of Tarot experience can explore these interesting and often quirky details. Note: No senior tuition waiver. Instructor: Miller

1 session, 1.5 hours, \$25

Course #: GWE396

Sec#	Day	Dates	Times	Location
01	S	9/21	1-2:30p	ES 327

Tarot – the Next Level

Take your readings to the next level and improve your working knowledge of the tarot. We'll take a look at how astrology works with the cards and how it can give insight on timing and situations. And we'll dive into yes/no readings, general archetypes of the cards, how to make existing spreads work for you, and how to clarify cards in spreads. This class is suitable for readers with a basic working knowledge of the tarot. Please bring a Rider Waite Smith based deck. Note: No senior tuition waiver.

Learning the Lenormand Oracle

The Lenormand Oracle is an amazing system of divination that is more straightforward than the tarot, yet allows for insightful answers to everyday questions. We'll review the 36-card system and its symbolism, then dive in to start interpreting the cards using several techniques that allow for a layered reading of the cards. If you've been looking for a new tool to add to your magical toolbox, this is a good one. Note: No senior tuition waiver. Instructor: Miller

Choosing and Using Oracle Decks

Oracle decks are a great tool to tap into your intuition. There are so many decks out there, and they can often be used without any prior knowledge of card systems. In this class we'll discuss how to narrow down your options to find the oracle deck that works for you, how to use them, and how to even incorporate them into larger card spreads with different decks.

Note: No senior tuition waiver. Instructor: Miller

Energy Immersion + Reiki 1

Inside each of us is a treasure chest of tremendous and infinite energetic resources fueled by Life Force Energy. When our energy is low, we tend to feel sick, worn out, and stressed. When it is flowing high, we are healthy and live abundantly. Together, we will experience tapping into Life Force for our highest Good. We will also work with the Japanese technique to spiritually guide Life Force Energy, called Reiki. Reiki is a peaceful and harmonizing, yet powerful, practice that is an easy compliment to everything from healthier beginnings to life transformation and conventional medicine. Reiki promotes optimum internal communication, stress release, pain reduction, and healing. Note: No senior tuition waiver. HOME & GARDEN

Fall and Winter Gardening Without a Greenhouse

Don't stop food gardening just because the weather is about to turn cold. Learn simple strategies for how to extend your growing season to get a great fall harvest, and even grow into the winter where you'll harvest a bit, but "store" your crops for an ultra-early spring garden harvest. This class is primarily for those using raised bed gardening methods, but we will also cover strategies for in-ground gardening. Note: No senior tuition waiver.

Indoor Food Gardening

Are you an apartment dweller without space for an outdoor food garden? Don't have access to your community garden plot in the winter? Just don't want to deal with cold or hot weather? Do mobility issues keep you from enjoying an outdoor garden? Even if you've never had a food garden, you can grow most vegetables and herbs indoors, even tomatoes and even if you don't have a lot of space indoors. Even if you don't want to grow a full garden indoors, you'll learn strategies for indoor seed starting to get a jump on early spring planting. This class is great for all levels of gardening experience. Based on the book *How to Garden Indoors & Grow Your Own Food Year-Round*. Note: No senior tuition waiver.

HORSE SENSE

Equine Business & Facilities Management Intro to Equine Care & Maintenance

Introduction to Equine Care and Maintenance is designed to provide a basic foundation for understanding the horse. Using hands-on activities, the lessons teach elements of horse ownership: general terminology, horse selection, stabling requirements, basic care and maintenance of the healthy horse. Students gain a greater understanding of conformation and selection of the horse, costs of ownership, nutrition, grooming, anatomy and care of the hoof, health care, breeds, and colors. Pre-requisites: EQS139. Note: Corresponds to credit course EQS138.

15 sessions, 45 hours

\$460 persons under 60. \$55 MD residents 60 and above.

Course #: GUE111

Sec#	Day	Dates	Times	Location
01	T	8/27-12/3	2-4:50p	Offsite

Equine Pathology

Equine Pathology focuses on training students to recognize symptoms, diseases, and infections. Students will learn to properly identify system functions and determine areas of concern, and develop treatment options once a condition is diagnosed and confirmed. Pre-requisites: EQS148. Note: Corresponds to credit course EQS248.

15 sessions, 45 hours

\$455 persons under 60. \$50 MD residents 60 and above.

Course #: GUE115

Sec#	Day	Dates	Times	Location
01*	M	8/26-12/9	6-8:50p	NE C431

*01 - No class Sep. 2.

Owning My First Horse – What Do I Need to Know?

This course uses hands-on activities with horses at a working stable to provide a basic foundation for horse ownership. Classes will involve hands-on experience with a variety of horses. Long pants and sturdy shoes or boots are required, no open-toe shoes or sandals are allowed. Topics include costs of ownership, safety while handling a horse, general terminology, tips for selecting and caring for your horse, including characteristics of various breeds, nutrition and stabling requirements, understanding conformation, selection and care of tack, grooming and hoof care, and basic first aid and health care. Instructor: Dawson

PHOTOGRAPHY

Aerial Imaging:

Drones for Visual Communication

This course introduces the fundamentals of flight through small Unmanned Aerial Systems (sUAS) for photography and video production. The course prepares students for FAA compliant flying with hands-on sUAS practice and course content. Students will apply professional aviation processes to create still and video-based media using rotary-wing, remote-controlled platforms provided during class. Essential photography and video editing topics will be addressed, in addition to sUAS operations such as mission planning, airspace, weather, and regulations. The course provides a starting point for using drones in a variety of workforce opportunities and prepares students for the Part-107 remote pilot airman certificate. Note: Corresponds to credit course VCP107.

Sec#	Day	Dates	Times	Location
01	T	9/10-11/26	9-10a	ES 113
02	T	9/10-11/26	3:30-4:30p	ES 113

YOUNG PEOPLE'S THEATRE

DESIGN INTERNSHIP:

The Rainbow Fish - Musical

Have you completed at least one summer internship through the Young People's Theatre Program? Then come put your skills to the test with our school year Design Internship! Interns will take on an aspect of the design or management of the current YPTP show and work as a team to bring their designs to life. Notes: Ages 13-17. Email Evelyn Ransil, rans4933@cecil.edu for more information. Instructor: Ransil

26 sessions, 78 hours, \$249

Course #: YPT238

Sec#	Day	Dates	Times	Location
01*	Th	9/12-12/12	6-8p	ES 138
01*	S	9/14-12/14	9a-1p	ES 138

*01 – No class. Nov. 28 & 30.

PLACES EVERYONE:

The Rainbow Fish - Musical

When Rainbow Fish refuses to share their vibrant, shimmering scales the whole ocean seems to turn against the vain creature. Unhappy that no one adores them anymore, the Rainbow Fish seeks out the wise Octopus, who helps the young fish learn that it's far better to be admired for being kind than for being beautiful. With a bubbly, energetic score and a script that invites wonderful creativity and flexibility, the universal message at the heart of this one-of-a-kind musical becomes much more than just a simple children's story. Notes: Ages 7-17. No class Nov. 28 & 30. Performance dates TBD. Please sign up by start date – character roles are determined on the first night of class. Email Miranda Schad, schad74506@cecil.edu for more information. Instructor: Schad

26 sessions, 78 hours, \$249

Course #: YPT233

Sec#	Day	Dates	Times	Location

For more information, email learning4life@cecil.edu or call 443-907-1378.

To register, call 410-287-1078 today!

PLEASE NOTE:

All tuition and fees are paid at the time of registration.

Questions? Please call 410-287-1078.

Every effort is made to honor the schedule herein; however, circumstances may require the alteration or cancellation of courses, seminars, or programs. Cecil College reserves the right to modify the schedule as is deemed necessary with regard to courses offered, instructor assignments, location, tuition, course and materials fees.

Out of County/Out of State Fees

For course tuition under \$200.00: Out of County - \$10.00/Out of State - \$20.00

For course tuition \$200.00 and over: Out of County - \$25.00/Out of State - \$50.00

Forms of Payment

Payments for registration may be made by cash (exact cash only at Elkton Station, no change provided), check, or money order (payable to Cecil College), VISA, MasterCard, or Discover (account number and expiration date). Post-dated checks are not accepted. If your check is returned from the bank, the College will not re-deposit your check and a \$36 fee will be added to your account. A \$36 fee will be added to your account if your ACH is denied or invalid. Payments for returned checks and fees must be submitted only in the form of cash, cashier's check, certified check or money order. Stop payment on a check does not officially withdraw you from a class.

Registration Confirmation

We do not process registration confirmations. Please attend class on the date and time indicated in this course schedule unless you are otherwise notified.

Refund/Drop Policy

To receive a full refund for dropping a course, you must contact the Registration Office at least 24 hours prior to the first class meeting. If you do not officially drop from a class or if you fail to attend, you are responsible for all tuition and fees associated with the registration.

Cancellation Policy

Cecil College reserves the right to cancel classes when there is insufficient enrollment. When classes are canceled, every effort will be made to contact you and 100% of your tuition and fees will be refunded by mail. The refund will take at least two (2) weeks to be processed. Decisions regarding class cancellations will be based on the number of registrations, so please register early!

Social Security Number Policy

To learn why Cecil College collects Social Security Numbers at the time of registration, visit Admissions & Enrollment at cecil.edu/catalog.

Textbooks

Textbooks for courses are available at the Cecil College Bookstore located in the Technology Center on the North East campus. You may purchase textbooks at the Cecil College Bookstore or another bookstore of your choice. If the course description notes "Textbook required," check with the Bookstore (410-287-5436) for the name of the textbook. Textbooks will not be available from the instructor on the first night of class nor can they be purchased at Elkton Station. It will be your responsibility to purchase your textbook prior to the course to be ready for a successful learning experience.

Cecil College Bookstore Textbook Return Policy

1. No refunds will be given without a receipt.
2. Books must be absolutely free of all markings, either pencil or ink and in original packaging. Do not mark in or open your book until you are sure that it is the correct book for your course and you know that the class will be running.
3. Defective books will be replaced at no charge.
4. Textbooks for non-credit courses may be returned up to one week from the start date of the individual course.

Senior Network

Ages 60+ can enjoy \$5 course fees for all Senior Network classes at Cecil College by joining the network. Membership fees* are based on your place of residence:

Cecil County	\$70/Semester
Out-of-county	\$80/Semester
Out-of-state	\$90/Semester

**prices subject to change*

For more information, email learning4life@cecil.edu call 443-907-1378.

Course Delivery Formats

Continuing Education and Workforce Development is offering a variety of course delivery types allowing scheduling flexibility.

In-person - Classes that meet on campus or at locations throughout the community.

Hybrid (H) - Classes that meet in-person periodically with some coursework offered online.

Online/Asynchronous (Online-A) -

Online classes with little or no designated meeting days/times, allowing you to study at your convenience.

Online/Synchronous (Online-S) -

Online classes that meet virtually with your instructor and classmates on a regularly occurring day/time, allowing for a highly engaging, interactive experience.
