Quick Facts

Early College Academy Description

The Early College Academy, located at Cecil College, enrolls students beginning in grade 9. Successful students will complete high school with a high school diploma (or its equivalent) and an associate degree from Cecil College. Each year up to 25 students are selected for admission to the Academy. Prior to their freshman year, Academy students will participate in an orientation program to introduce them to academic expectations and resources available to them during their four years in the Academy. Throughout their enrollment, students are supported by tutors and advisors from Cecil College. While taking classes, students are guided through seminars and individualized advising to help them build the academic skills needed to succeed in high school and college coursework.

Admission Process

Each student entering the Early College Academy must complete the admissions process. By July 15th, eighth grade students must complete and submit application materials to the Director of Early College. Application materials are reviewed and evaluated by administrators from Cecil College. Students are contacted by the middle of July to confirm their admission to the Academy.

- A transcript (or its equivalent) with a minimum GPA of 3.0
- Parent and child acknowledgement of expectations
- College bound scholarship eligibility form
- Student questionnaire

Support Services

Academic support is provided throughout each year of enrollment. Support services are highlighted at orientation so students and their families are sufficiently aware of the resources available to help them succeed. Students have access to tutoring, library resources, a reading and writing center, and computer labs. Academy students are guided through their coursework with the support of an academic advisor. The advisor will also coordinate the academic seminars each year of the program. A sampling of the seminars is as follows:

- Test Taking Techniques
- Time Management
- Study Skills & Strategies
- Math Building Skills
- Critical Thinking Skills
Parental Services

Services are also provided for parents and guardians of students. Parents are granted full access to student records and meet with the ECA advisor to discuss academic progress and future plans.

NOTE: Registration for college courses will be completed by the Director of Early College.
