The VFA is the principle accountability framework for community colleges with measures defined to encompass the full breadth of the community college mission and the diversity of students' goals and educational experiences. The mission-appropriate measures determine how well community colleges are serving students; provide colleges the ability to identify problems and set goals for institutional improvement; and be properly accountable to stakeholders.

Cecil College (North East, MD)
Two Year Cohort (Fall Students 2015)

These data represent students that first entered the college in Fall Students 2015 (or summer before) and their progress by the end of their first two years.

Two-Year Progress Measures

Progress by End of Year Two by Cohort Type

These measures report milestones along the educational pathway and persistence/attainment outcomes by the end of a student's first two years at the college. These outcomes are not exhaustive and will not sum to 100% of the students in the cohort. The outcomes are:
- Unduplicated
- Hierarchical
- Achieved by the end of two years
- Credentials earned at the college

*This college uses a grade of C to define success.
